Your Next Step

Access career assessments, clarify and create personalized goals, develop a network, access jobs, and **implement a strategic job search plan**.

Resume & Cover Letter Support

Smart Resume by VMock

An online platform where students can upload their resumes and receive feedback on both content and formatting.

- Students are able to download blank resume templates

CareerFit by VMock

Students see how their profile compares to what job characteristics employers are looking for.

- Using your resume, you will be given recommendations of potential roles. Students are then given "feedback plans" to see how they can use their current experience and skills to leverage their opportunity in this role.
